

## *A Little About Us*

As Erie's first medical spa, we provide the very latest and most innovative aesthetic medical treatments & products that can only be found in a physician's office. Founded in 2006 by Dr Lauren Mozdy, we believe that when you look better, you feel better, and you take better care of yourself.

Dr Mozdy's training as a board certified anesthesiologist, physician acupuncturist & laser surgeon enables her to offer the latest treatments, safely and comfortably. Unique in the Tri-state area, she is on-site and now devotes her full-time and attention to her aesthetic practice. She has refined the art and science of combining medical skin care, injectables, such as Botox & Dermal Fillers, & laser rejuvenation.

Welcome to the newest member of our team, Michelle Bevelacqua. She is Dr Mozdy's new Clinical Assistant and specializes in direct patient care. Michelle has experience in a variety of medical specialties. Her easy going demeanor, efficient nature, and obsessive tendencies are a great match for Dr Mozdy! She makes an excellent addition to our staff.

*Look Good... Be Confident... Feel Your Best!*

## **Non-Surgical Lifting**

Dr. Mozdy specializes in the Injectable Lift- with her extensive experience, unmatched skills with a needle, and artistic eye. The results are instant, minimally invasive, affordable, but still subtle. She has refined techniques for a liquid lift that combines multiple syringes of fillers plus Botox.

## **Botox**

It smoothes wrinkles by relaxing facial muscles. Botox softens grumpy or worried expressions on the forehead and between the brows, and reduces crow's feet. Priced per unit, the average treatment is between \$250 to \$325 for one area, minus our Brilliant Distinctions discounts.

## **Radiesse, Juvederm, Belotero & Voluma Injectable Fillers**

These FDA-approved fillers are quick and comfortable procedures that give immediate wrinkle correction & volume restoration. Fillers improve facial symmetry, revive the shape of a youthful face, fill in lines, and plump the lips & cheeks. We were one of the first in the country to offering the newest HA filler, Voluma for midface volume and Lift! The cost ranges from \$550 to \$750 per syringe.

## **Regenerative Medicine for the Skin: Platelet Rich Plasma**

Selphyl is an all natural product that uses your own PRP (Platelet Rich Plasma) and growth factors to smooth out, hydrate and improve the quality of skin. A small amount of your blood is drawn, and the serum is re-injected in the face, hands, chest, or anywhere new tissue growth and skin rejuvenation is needed.

## **Discover Bellafill, Our Newest Filler!**

An amazing product that lasts at least up to 5 years with optimal correction. Get instant results from the Collagen in the product and continuous collagen stimulation from the microspheres that remain in your tissues. Make an investment in yourself. Call for our introductory specials...Dr Mozdy is the only physician in our area offering this procedure!

## *Cosmetic Laser Treatments*

### **Our Newest Lasers: truSculpt and neckSculpt**

truSculpt is a non-invasive, radio frequency technology that destroys localized fat on the body and improves body contours. The neckSculpt improves fat pads under the chin & jowls, defines the jawline and tones the neck skin. They have no downtime, are very reasonably priced. 3 treatments are recommended.

### **Laser Genesis, The Complexion Laser**

One of our most popular skin rejuvenation options, Laser Genesis is a gentle, healing treatment that improves skin texture, pore size, fine lines, clogged pores, & diffuse redness. It is also a treatment option for Rosacea and scarring. A single facial treatment is \$225, and a package of three or more is \$200 per treatment.

## Limelight IPL

The Limelight is the first programmable wavelength IPL (Intense Pulsed Light) that removes brown spots, evens out texture, and decreases redness anywhere on the face or body. A two-treatment package on the face is \$600. It also treats the neck, chest, hands, arms and legs.

## Laser Vascular Treatments

This laser treats blood vessels on the face and body extremely well, including spider veins, cherry spots, hemangiomas, dilated blood vessels, and Rosacea. It is priced by the length of the treatment time, for example 10 minutes treatment time is \$200 to \$225, and 20 minutes is \$300 to \$325.

## Laser Hair Removal

Laser hair removal is considered permanent hair reduction on the face, arms, legs, bikini and back. Only our laser can be used on dark and tanned skin. The cost varies, depending on the area treated and multiple treatments are required.

## The Titan Laser

This laser tightens and tones the skin on the neck & around the eyes. It is non-painful treatment and a minimum of 2 treatments is required for results. The Titan costs \$450 for a package of 2 for a small area (around the eyes & upper cheeks).

## The Pearl Resurfacing Laser

The Pearl is an ablative resurfacing laser that produces a new layer of skin in three to four days plus deep dermal heating for long-term collagen production. It is safer, less painful, & has less downtime than other resurfacing lasers. It is excellent for sun damage, scarring, and overall rejuvenation. One full-face treatment is \$750, or buy a package of 2 for \$1,200 which includes post-procedure products.

## *Skincare Treatments:*

*Vibrant...Glowing ...Renewed*

## Dermapen for the Face & Neck

The Dermapen is a highly effective procedure that involves microscopic needling to help tighten, lift, and rejuvenate the skin. This minimally-invasive treatment stimulates your skin's natural healing response. Dermapen is effective in reducing fine lines, wrinkles, pores, stretch marks, surgical and acne scars. You can rejuvenate your skin with minimal discomfort and downtime.

## Introducing Our "Signature Dermapeel"

We have developed our own Signature procedure that combines the best parts of microdermabrasion, facials, and peels with no down-time. It is gentle & non-abrasive, but more effective. The Dermapeel combines dermaplaning, exfoliating, a light peel, & moisturizing masks. The cost is \$150.

## Our New Product: ReFissa

Dr Mozdy's newest favorite is this Retina A Cream 0.05%, a strong retinoid only available by subscription or dispensed at a physician's office. It treats fine wrinkles, hyperpigmentation (those ugly brown spots), & texture and roughness of your skin.

## Latisse for your Eyelashes & Eyebrows

You won't believe your eyes! Longer, lusher, fuller eyelashes. Latisse is the only FDA-approved prescription treatment for short or sparse eyelashes & eyebrows. Latisse works. We know because all our staff uses it and loves it. Latisse normally costs \$125 for the small size or \$175 for the large bottle, but we are running a special for \$25 off either size.

## Epionce Skincare

This medical grade skincare line combines the latest researched-based medicine with nature-derived products. Epionce restores the skin's natural protective barrier and helps combat inflammation.

## Colorescience Mineral Makeup

Colorescience is the most advanced mineral makeup available. This luxury makeup can be used as a stand-alone product or as part of our post-procedure protocols
