

A Little About Us

We are Erie's first medical spa. Dr Lauren Mozdy founded the aesthetic practice in 2006 and now has 14 years of experience in this rapidly changing field. Our philosophy is that when you look better, you feel better, and you take better care of yourself.

Dr Mozdy's training as a board certified anesthesiologist, physician acupuncturist & laser surgeon enables her to offer the latest treatments, safely and comfortably. Unique in the Tri-state area, she is on-site and now devotes her full-time and attention to her aesthetic practice. She has refined the art and science of combining medical skin care, injectables, such as Botox & Dermal Fillers, & laser rejuvenation.
